PRIVACY

This page describes the website's management procedures with regard to the processing of personal data of users who visit it.
This information is also provided pursuant to Article 13 of Legislative Decree No. 196/2003 – Personal Data Protection Code – and Article 13 of European Regulation No. 679/2016, to those who interact with the web services of www.ascaniosensing.it for the protection of personal data, accessible electronically from the address: www.ascaniosensing.it.
This information applies only to the ASCANIO S.r.l. website www.ascaniosensing.it and not to other websites that may be accessed by the user via links. Please refer to the privacy policies of those websites. We inform you that, in order to provide a comprehensive service, our portal contains links to other websites that are not managed by us. We are not responsible for errors, content, cookies, publications of immoral or illicit content, advertising, banners, or files that do not comply with applicable laws, nor for compliance with privacy laws on sites not managed by us, to which reference is made. To improve the service we offer, we appreciate your immediate reporting of malfunctions, abuse, or suggestions by emailing us at info@ascaniosensing.it.

DATA CONTROLLER

Following your visit to this site, data relating to identified or identifiable individuals may be processed. The data controller is www.ascaniosensing.it, with registered office at Loc. Lopilato 8 Staletti 88069 (CZ), Italy.

PLACE OF DATA PROCESSING

The processing operations related to the web services offered by this site are carried out at the headquarters of the data controller's operating company and are handled only by employees, collaborators, or partners of ASCANIO S.r.l. Data processors or, if necessary, members, employees, and collaborators of companies affiliated with or in which ASCANIO S.r.l. has a stake, or any persons assigned to occasional maintenance operations, the latter under the strict supervision of the Data Controller.
No data deriving from the web service is communicated or disclosed to third parties. The personal data provided by users accessing the service are used solely to perform the service itself or the requested performance and are disclosed to third parties only if necessary for that purpose.

TYPES OF DATA PROCESSED

Browsing data

The computer systems and software procedures used to operate this website acquire, during their normal operation, some personal data whose transmission is implicit in the use of Internet communication protocols.
This information is not collected to be associated with identified data subjects, but by its very nature could, through processing and association with data held by third parties, allow users to be identified.
This category of data includes the IP addresses or domain names of computers used by users connecting to the site, the URI (Uniform Resource Identifier) addresses of requested resources, the time of the request, the method used to submit the request to the server, the size of the file obtained in response, the numerical code indicating the status of the response from the server (successful, error, etc.), and other parameters relating to the user's operating system and IT environment.
This data is used solely to obtain anonymous statistical information on site usage and to verify its proper functioning and is deleted immediately after processing.
The data in question may be used to ascertain responsibility in the event of any cybercrime committed against our site.
It may also be disclosed, at the request of public authorities and state administrations, for purposes related to the fulfillment of legal obligations, and for the investigation, detection, and suppression of administrative, fiscal, accounting, tax, and criminal offenses.

D DATA PROVIDED VOLUNTARILY BY THE USER

The optional, explicit, and voluntary sending of emails to the addresses indicated on this site entails the subsequent acquisition of the sender's address, which is necessary to respond to requests, as well as any other personal data included in the message.
Specific summary information will be progressively reported or displayed on the site pages dedicated to particular services upon request. We encourage our users, when requesting services or making inquiries, to respect the principle of data necessity and data minimization and, therefore, not to send names or other personal data of third parties unless strictly necessary.

COOKIES

No personal data of users is acquired by the site in this regard. Cookies are not used to transmit personal information, nor are so-called persistent cookies of any kind, or user tracking systems, used.

The use of session cookies (which are not stored permanently on the user's computer and disappear when the browser is closed) is strictly limited to the transmission of session identifiers (consisting of random numbers generated by the server) necessary to enable safe and efficient browsing of the site.
The session cookies used on this site avoid the use of other IT techniques that could poten tially compromise the privacy of users' browsing and do not allow the acquisition of personal data that could identify the user.
Acceptance of the cookies policy or continued browsing automatically implies consent to the processing of data for the purposes and according to the methods specified above.

OPTIONAL PROVISION OF DATA
Except as specified for browsing data, the user is free to provide the personal data contained in the request forms to ASCANIO S.r.l. Failure to provide such data may make it impossible to obtain the requested service.

PROCESSING METHODS
Personal data is processed using automated tools for the time strictly necessary to achieve the purposes for which it was collected. Specific and adequate security and organizational measures are implemented to prevent data loss, unlawful or improper use, and unauthorized access.

RIGHTS OF DATA SUBJECTS
Data subjects have the right at any time to obtain confirmation of the existence or otherwise of their personal data and to know its content and origin, verify its accuracy, or request its integration, updating, or rectification, pursuant to applicable law.
Pursuant to applicable law, the data subject/user has the right to request the deletion, anonymization, or blocking of data processed in violation of the law, as well as to object, for legitimate reasons, to its processing.
Requests should be addressed to ASCANIO S.r.l. At its registered office, Loc. Lopilato 8, Staletti 88069 (CZ), Italy, or by registered mail with acknowledgement of receipt, or by sending a communication to info@ascaniosensing.it
If the processing is deemed unlawful, you may appeal to the Italian Data Protection Authority (Garante per la Privacy) or contact the competent local judicial authority.
